A Romantic Marriage.

What might be termed as a rather romantic marriage was "pulled off" in this city Wednesday morning, the contracting parties being W. T. Jordan and Miss Mamie C. Beville, a charming young lady, both of Webster.

The marriage license was secured, and Attorney W. E. Baker, who is also a notary public, was called upon at his office to perform the ceremony, which he did with his usual grace, and with the dignity of a well-fed, circuit rider.

Mr. and Mrs. Jordan left the city a happy and contented couple. They are prominent young people of the Webster section and will doubtless be

UNION CARPENTERS ARE ON STRIKE

They Want a Nine-Hour Day on Same Pay as Heretofore.

THEY ARE PAID POOR WAGES

So They Claim, in Comparison to Other Points, and Are Determined to Gain Their Point or Seek Occupation in Other Cities.

According to promise, the carpenters and joiners of this city have gone out on a strike.

The mechanics in this line warned their employers long ago that they would go on strike August 1, if the work hours were not reduced from ten to nine at the same pay. The employers paid no heed to this warning, with the result that a general strike among the union carpenters went into effect on the morning of the 1st.

The carpenters claim that they are the poorest paid of any in the State, considering the time they are required to work, and are determined to put in fewer hours by one on the same salaries they have been drawing.

A good carpenter, it is said, is paid from \$1.75 to \$2 a day here, for ten hours' work, when he should receive, according to the scale elsewhere, from \$2 to \$2.50 for the same service. The carpenters say they are tired of this discrimination, and will get the salary they are worth or hunt some other locality.

This does not apply only to contractors, but to all who are employing carpenters in the city. Many houses are being erected on what is known as day labor, the owners of the building employing carpenters on the work. These carpenters also went out on a strike, and say they will not return to work until the concession of nine hours is granted.

Two or three contractors in the city are having no trouble as they voluntarily reduced the time to nine hours several weeks ago. The men employed by these contractors are working right along, and no trouble is anticipated in this direction.

The strike coming just at a time when building is brisk in Gainesville may work a hardship on contractors if the matter is not settled.

CARD FROM MR. ROGERS.

Tells of the Condition of His Little Son, Malbra, at Tallahassee.

Editor Sun: I haven't time to write to every one who may inquire as to the result of the sad accident which happened to my little boy at this place on the 29th ult.

I will say the statement in your paper of Sunday was correct. The extent of his injuries are scarcely known to us yet. Both front and back wheels of a very heavy wagon loaded with people ran over his little body, passing diagonally across him from the lower part of the left side to the shoulder of the right, crushing the right shoulder bones and displacing some others. The extent of his internal injuries we cannot tell. His temperature is running about 108 and he is very restless at this writing. We are hopeful of him.

S. B. ROGERS.

Tallahassee, August 1.

CHURCH WAS DEMOLISHED.

Frame of Mount Olive Church Completely Wrecked Monday.

As the week draws nearer to a close The Sun hears of other calamities from the effect of the electrical and wind storm of Monday afternoon. The latest report is the complete destruction of the frame work of Mount Olive Church, colored, Springfield, and those who have seen it declare it was wrecked beyond repair.

The church was under course of erection and the loss at this time will be heavy to the little congregation who have worked hard and faithfully to accomplish what had already been done. It is understood, however, that an effort will be made to rebuild at once.

A Painful Accident.

W. S. Dorsey was the victim of a very painful accident yesterday which is likely to confine him to his room for the next few days.

While walking around in the rear of his store Mr. Dorsey had the misfortune to step upon a nail point, the nail entering his foot and causing the blood to flow freely. No serious results are anticipated, but the recovery will doubtless be a painful one.
